

Help us take **nature's pulse** by joining the **Big Butterfly Count**.

The Big Butterfly Count is a UK-wide survey aimed at helping us assess the health of our environment simply by counting the amount and type of butterflies (and some day-flying moths) we see.

This year's Big Butterfly Count will run from the 16th July to the 8th August.

If you want to use the Big Butterfly Count app to take part then you can [download the app](#) and submit sightings during the Count period

The butterfly spotter ID guide is in this folder for you to use.
